Air and Gases, Dust Determinations in, by E. R. KNOWLES..... 101

Air Conditioning the Home, Experiments in, by EMERY R. HAYHURST 21

Air Duct Design, by LEO KRAFT..... 69

Air Washing and Humidification for School Buildings, by PERRY WEST 37

ALLEN, J. R., Test of the Conductivity of Window Shades, A..... 171

Discussion of Code for Testing Low Pressure Heating Boilers 150, 151

Discussion on Engineering Economics of Heating..... 200

Discussion of Limiting Fuel for Domestic Heating..... 183

Discussion on Report of Committee on Research..... 225

Discussion of Report of Committee on Research Bureau....9, 12

AMMERMAN, C. R., Discussion of Capacities of Reducing Valves for Steam Heating Systems.....362, 363

Annual Meeting, The Twenty-Fifth..... 1

Argument Concerning Mechanical and Natural Ventilation, The, by E. VERNON HILL..... 59

ARMAGNAC, A. S., Discussion of The Argument Concerning Mechanical and Natural Ventilation.....66, 67

ARMSPACH, O. W. and HILL, E. V., Further Studies in Methods of Dust Determination 289

ARMSPACH, O. W., Discussion on A Comparative Study of Natural and Mechanical Ventilation for School Rooms.....282, 283

Automatic Heat Control, Report of Committee on..... 163

Automatic Roof Ventilators, Capacities of—Topical Discussion..... 174

Automatic Sprinkler System for Hot-Water Heating, Utilization of, by A. W. MOULDER..... 311

Automatic Temperature Regulation, Fuel Conservation by Means of, by F. A. DE BOOS..... 153

BAHNSON, F. F., Discussion of Arrangement of Heating Pipes an Important Factor in Decay of Factory Roofs..... 98

Discussion on Report of Weather Bureau Committee.....213, 214

BARROWS, G. S., Gas for Heating..... 325

Discussion of Utilization of Automatic Sprinkler System for Hot Water Heating..... 323
